is all it takes to execute an equity trade on the trading platform.

1,4 million

times a day, SIX is the central counterparty in clearing securities transactions.

120 million

francs flow backwards and forwards in interbank payments each day

4,6 billion

francs are traded every day on the regulated stock exchange.

3,2 trillion

francs is the amount SIX currently manages as central securities depository for Swiss securities

8,7 million

transactions with credit and debit cards are processed by SIX every day.

190 million

francs are processed daily in credit and debit card transactions

15,7 million

financial instruments are covered in the SIX data universe.

2 petabyte

of storage capacity are managed in the data processing center.

SIX & Fintech

- Growing fintech scene
- SIX is the backbone of the financial industry & *the* infrastructure service provider for the financial sector

Zurich is going to be one of the largest fintech hub's in europe.

The SIX logo is displayed in red, consisting of a stylized 'S' followed by the letters 'IX'.

Zu Höhenflügen ansetzen.
